

24th July 2017

DTS operates a quality management system conforming to ISO9001:2015 and it is our aim to ensure that the products and services we provide consistently meet our customer's expectations.

The scope of our system is: The supply of permanent way products to the railway industry.

We are committed to comply with all relevant legislation and any other requirements to which we subscribe.

We are committed to continual improvement by setting objectives and targets, and we review our performance on a periodic basis.

Our people are an important part of our strategy and it is our target to ensure that they have the necessary skills, information and working environment to carry out their roles effectively and safely.

We believe that it is important to keep our staff informed and we communicate our objectives and targets to them so that they are kept aware of our performance.

We are committed to provide our goods and services in the most efficient and effective way so that we remain competitive and we review our strategy on a regular basis to see what changes we can make to improve our effectiveness.

It is the responsibility of all of us to carry out our tasks to make sure we maintain our objectives and meet our goals.

Our policy will be reviewed periodically during the planned management review meeting.

A handwritten signature in black ink, appearing to read 'M. R. ...', is positioned above a horizontal line.
